

Course Overview

In this 2-day course, you will learn the more advanced tools in Photoshop to enhance images and work with videos. You will learn how to create and edit vector paths, how to work with layers, and how to automate tasks in Photoshop. You will also learn how to use the video tools available in Photoshop to edit and export video files. Finally, you will learn how to work with other Adobe applications.

Course Preparation

Prerequisite: *Adobe Photoshop CS5 - Level 1* or equivalent experience.
